

MAÎTRES VIGNERONS
DE LA PRESQU'ÎLE
DE SAINT-TROPEZ

9 DEGREES DE-ALCOHOLIZED WINE IGP MÉDITERRANÉE

9°, an innovative low-alcohol Mediterranean rosé: Respecting all the codes of rosé, 9° offers a new sensory experience.

What really sets this rosé apart is its innovative production process: a partial dealcoholization technique by vacuum distillation, to preserve the wine's delicate aromas while reducing its alcohol content.

BENEFITS

- To obtain a beverage classified as "wine" - To retain the IGP Méditerranée appellation (9 degrees minimum) - To preserve the wine's quality hallmarks

TARGETS

- People who want to reduce their alcohol consumption: health-conscious, looking for lighter wines
- Young people, generation Y and Z
- Women aged 18/35
